# MORE FUNDS RAISED AT LOWER COST

**(And with a record to prove it)**

Your school, church or hospital can have the funds it needs for as little as half of what it costs to borrow from a bank. We have done just this for many schools and churches. We set higher goals than most fund-raising firms are willing to try for; and we exceed those goals, so that costs per amount raised go down.

There is no magic about this. Beaver Associates has been directing successful fund-raising campaigns for more than 25 years. This specialized experience is available for any campaign we undertake. More important, we use the experience which fits your particular campaign. Then, we carefully pick the people on our staff who will fit into your community; who will work well with your people; and who have had the most experience handling Catholic fund-raising projects.

# Pure Altar Wines

Approved by His Excellency, the Archbishop of San Francisco
THE MOST REVEREND JOHN J. MITTY, D.D.

SINCE 1876, BERINGER BROTHERS have endeavored to produce Sacramental Wines of quality so high as to make them always worthy of the sacred purpose they serve.

With the accumulated knowledge attained through EIGHTY-FIVE years of wine making in California, plus the ripened experience handed down by their fathers before them as growers and makers of fine wines in Europe, BERINGER BROTHERS are today more competent than ever for this important work.

The high reputation that we enjoy as producers, in their entirety, of California's ranking Altar Wines, has been made possible by your preference for quality. In what better way can we express our gratitude for your support than to continue to deserve it during the years ahead by constantly striving to produce the finest and purest vintages?

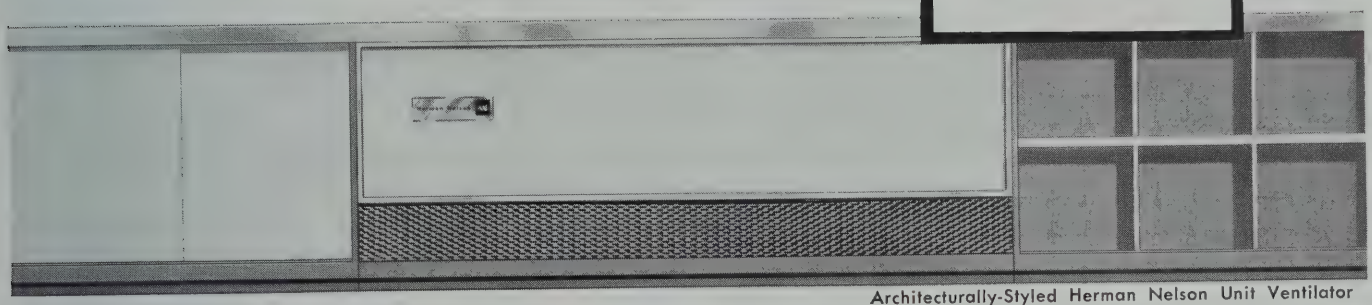
# You can see the DIFFERENCE IN SUPERIOR for '61

## Superior drivers have the most commanding view of the road

Superior for '61 offers two magnificent "picture window" windshields. Each provides a sweeping 136° cone of vision, widest and safest on any school bus today.

In the Tru-Vue windshield, pictured above, Superior has pioneered the first "wraparound" that doesn't use curved glass. The Tru-Vue's four flat polished Safety-Plate Glass sections are firmly secured in wide flange rubber mounting. You get wider vision, plus the economy of flat glass maintenance and replacement.

The magnificent Superior Scene-O-ramic windshield, a deluxe option, offers the same wonderful wide angle vision, this time with the most modern, most gracefully curved wraparound styling you've ever seen on a bus.



Wider, safer driver vision is the first of many differences you can see and appreciate in a Superior. Let your Superior distributor show you the others firsthand. He'd welcome your call or letter for a demonstration at your earliest convenience.

Tote Tray Cabinet (10- or 20-trays)

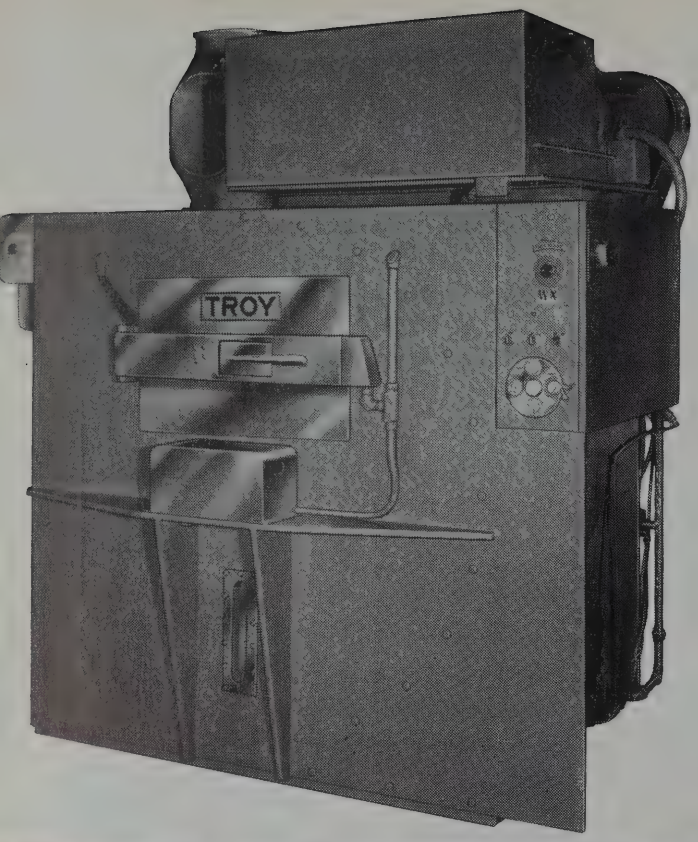
Sliding Door Cabinet

Open Shelf Cabinet

Magazine Rack

Early in 1960, school officials, architects and engineers were introduced to the striking *new* Herman Nelson unit ventilators and companion window wall equipment. And "new" embraces far more than minor model alterations. For example:

**AWARD-WINNING DESIGN** — Herman Nelson's smart, simple styling was planned specifically to complement advanced school architecture. This new design has won one of Product Engineering magazine's Master Design Awards for Achievement in Product Engineering.



**SPACE-SAVING FUNCTION**—Companion window wall equipment adds new function and life to under-window areas formerly regarded as "dead space." Companion units (except sink and bubbler and magazine rack) are available in mobile models for convenient desk-to-desk delivery of work materials.

**APPEALING ACCENT COLORS**—Six beautiful accent colors are offered to complement *any* classroom decor. These colors include Flame Red, Topaz Blue, Kentucky Green, Sunset Yellow, Brushed Orange and Neutral Gray.

**PLUS YEAR-ROUND AIR CONDITIONING** — HerNel-Cool III Unit Ventilators can be installed now at a cost in the same range as most "heat only" systems. Year-round air conditioning can be installed now—or at any time in the future for only a fraction of the cost of other commercial air conditioning systems.

Send now for your personal copy of the new Herman Nelson "Equipment Guide for Schools." This is a full-color, 24-page booklet describing Herman Nelson equipment for all types of classroom air conditioning, heating, and ventilating systems.

## the Allen Organ fills all requirements of our service

*Says Anthony Ferraz, L.R.S.M., organist at St. Theresa's Roman Catholic Church, Hamilton, Bermuda*

"... Its tones build up so perfectly that it is really difficult to distinguish it from an elaborate pipe organ.

"...and I rarely have to call the service man. I mention this because Bermuda has a very damp and humid climate, which usually invites trouble. My Allen performs as beautifully as the day it was installed.

"... famous organists visiting Bermuda have played the Allen. All are impressed with the clarity of tone, and the facility of execution.

"The Allen Organ fills all the requirements of our services and I recommend it wholeheartedly."

Two important reasons that set Catholic Mutual apart from an ordinary commercial insurance company are its friendliness, and its deep understanding of Catholic Church Insurance needs and problems.

## REVIEW-WORKBOOKS

### Make Teaching Results Immediate

Tuned in with the times, which are moving so swiftly it is often difficult to keep pace, is every one of the WARP'S REVIEW-WORKBOOKS for the Fifth, Sixth, Seventh, and Eighth Grades. And that really explains why they add so swiftly to the process of communication you set in motion each time you face your classes.

The old methods of teaching, with their slow pace, their even tenor, their time-lag will no longer do. Nowadays your communication must be as swift as it is sure—and it must be both sure and swift if your teaching is to have complete approval in today's teaching world.

The method, which WARP'S REVIEW-WORKBOOKS employ in bringing about this swift and sure communication, is one which has the backing of forty-five years of intensive use in schools all over America and in Canada and other parts of the world. The method, which is based essentially upon scientific principles of teaching that are ageless, that are unchanging, that are as new as when they were discovered, has become known as the *Warp Five-Point Method*.

This Method makes every day in the classroom a day of accomplishment, because it makes the process of communication upon which all teaching depends, swifter, surer, more lasting in its effect.

Pupils taught with WARP'S REVIEW-WORKBOOKS are better taught than pupils without them. Write at once for free catalogue which describes in detail each book.

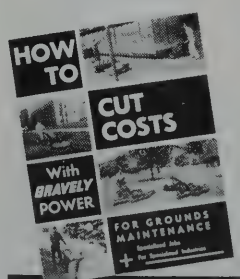
## *GRAVELY* .."The Only Tractor That will do the Job — right!"

With 67 acres of rolling land, steep hillsides and terraces, the maintenance problem of the Mount Nazareth Academy could be expensive and troublesome. But Peter Katafiaz keeps 47 acres of those grounds well-groomed and lovely with one Gravely Tractor and attachments!

After experimenting with other equipment, the Academy standardized on Gravely — "The only equipment that will do the job."

Only the 6.6 HP Gravely, with its low center of gravity, rugged strength, easy handling, simple operation — above all, its low maintenance cost . . . does the job right — giving the Academy lovely grounds, efficiently and inexpensively!



***GRAVELY***

- ***Power!***
- ***Versatility!***
- ***Performance!***

Power, because only Gravely handles the really tough jobs. Versatility and economy, because you buy only one power unit — with your choice of 30 different Attachments, including Rotary, Reel and Gang Mowers! Performance, because Gravely, with power put direct to the Tool by splined steel shafts and gears, does the jobs that others can't!

## 30 Tools . . .Year-Round Use!

With your choice of 30 tools, you do every grounds maintenance job from Spring plowing and mowing to winter snow removal! No idle time for Gravely . . . it's all productive time — the year around.

Helping in that decision is one of the purposes of our "Money+PLUS" Service, based on almost half a century of institutional financing.

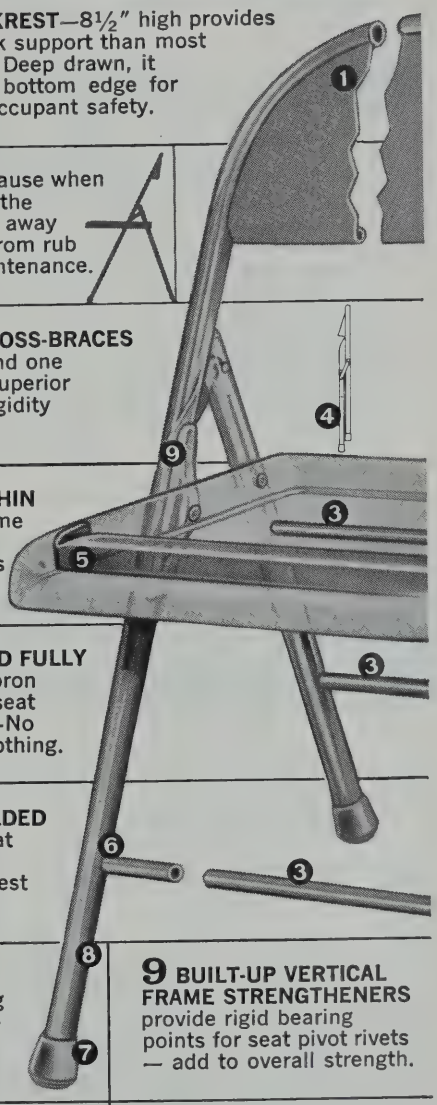
When you purchase Folding Chairs . . .

## Insist on these 10 Important Structural Features

**1 EXTRA DEEP BACKREST**—8½" high provides more form-fitting back support than most competitive chairs — Deep drawn, it features fully curled bottom edge for added strength and occupant safety.



**2 SAVES WALLS** because when feet are against wall, the backrest remains well away and safeguards wall from rub marks and costly maintenance.

**3 THREE FRAME CROSS-BRACES** — two on rear legs and one on front legs insure superior frame stability and rigidity for longer chair life.

**4 SEAT FOLDS WITHIN FRAME** to double frame thickness for flat stacking—more chairs to storage area.

**5 SEAT BRIDGE AND FULLY CURLED EDGE** on apron of seat add over-all seat strength and safety—No sharp edges to tear clothing.

**6 RESISTANCE WELDED FRAME** similar to that used on automobile frames insures greatest strength and rigidity.

**7 SUPER DYLAN FEET** — long wearing molded feet are non-marring and provide firm floor contact.

**8 ELECTROSTATICALLY APPLIED FINISHES** in Standard enamel or Metallic colors . . . free from runs and soft spots.

**9 BUILT-UP VERTICAL FRAME STRENGTHENERS** provide rigid bearing points for seat pivot rivets — add to overall strength.

**10 TEN YEAR GUARANTEE** against structural failures is your assurance of the best investment in folding seating, by far!

**BE SURE you get what you think you're getting!**

To the casual observer, most folding chairs look alike. But what a difference there is upon closer examination! Study the Krueger 901-E features above and you will readily see why they last longer under hardest usage.

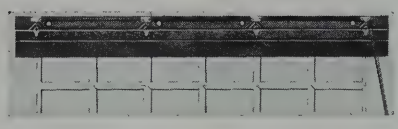
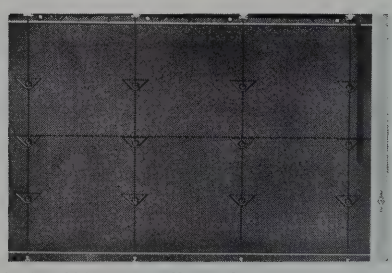
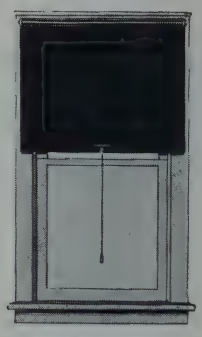
# FORSE WEARPROOF SHADES



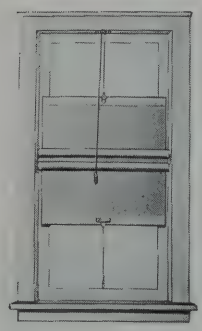
For over 40 years, Forse Wearproof Shades and Draperies have been used in class rooms, auditoriums, gymnasiums, offices — wherever quality, economy and long trouble-free service are paramount requirements. They are designed to provide, at reasonable prices, equipment that is both attractive and durable. All Forse Wearproof Shades and Draperies are guaranteed for 10 years. Many in service today were put up more than 20 years ago.



**DARKENING DRAPES** — These draperies, made from Forse Wearproof Darkening Materials, provide effective and attractive installations over glass block, wide windows and window groups. Generous overlaps are recommended at top and bottom of windows, and they should usually be several feet wider than the openings to be covered. Translucent draperies for control of light and glare are also available.

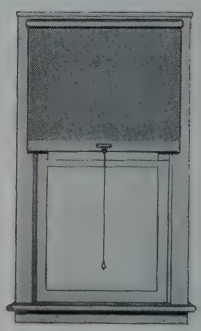


**No. 50 DUO-ROLL DARKENING** — Can be used as a multi-purpose shade when darkening requirements are not too severe. A good shade for high narrow windows. Space between the rollers is covered by a metal light shield.



Above — FOLDED  Below — OPEN

**No. 10 FOLDING DARKENING** — A most economical shade for darkening large windows. Single shades will cover windows up to 15 ft. wide. Very wide windows (over 15 ft.) require multiple-unit overlapping shades. No. 10 shades hang snugly against wall or casings and provide excellent darkening installations. They are easily raised and lowered by cords and secured in the desired position by cleats at the side or bottom. When not in use, they fold at the top where they cannot be damaged. Whenever possible, No. 10 Darkening Shades should overlap openings at least 6 inches on each side. The height should be about 12 inches greater than opening height and they should be attached about 9 inches above the top of the window openings.



**No. 30 SINGLE ROLL DARKENING** — Excellent for darkening small and ordinary size windows. For best results, the cloth should overlap the openings at least 3 inches on each side. Also available in Pull-up Type with lock pulley at top of opening.

**No. 5 DUO-ROLL (left)** — Duo-Roll Shades permit shading upper and lower sections of windows independently of each other. Upper shade is adjusted by a long cord and lock pulley at the top of the window. A metal light shield covers the space between the two rollers.

**No. 3 SINGLE ROLL (Right)** — Recommended for small windows. Also available in Pull-up Type with lock pulley at top of opening or sash. Easily installed on French, austral, tilting sash and transom windows.

Forse Shades and Draperies are made to meet every requirement for light control and room darkening. They are available in attractive fabrics and colors to harmonize with your other appointments. **Write for literature and material samples.**

# Do Your Blackboards Need Resurfacing?

If your chalkboards are gray, glary, slick or have rough spots and squeak when being written upon, they need resurfacing!

That unsightly "old age look," glare and cause of illegible writing can be easily removed and the blackboards will be even better than new if properly resurfaced. *The boards are taken down* (NOT worked on while on the wall with messy, makeshift methods), resurfaced, honed, polished and reset—ALL WITHOUT DUST. If any boards are cracked or broken, they are repaired or replaced. Then the boards are skillfully reset so none is loose or rattly, and there are no open joints. Such RENEWED chalkboards will greatly improve the appearance of the classroom and save eye strain. The work is done "after school" and is ready for next day's classes.

## An Amazing Guarantee

We will resurface, hone, polish and reset all of the blackboards of any classroom of your selection. If you are not absolutely satisfied with "the new look" of the room and the write-ability of your boards, this demonstration will cost you NOTHING and you will be under no obligation. If you are pleased, we'll proceed to complete the contract. You couldn't possibly get a fairer, surer guarantee of satisfaction.

## Changeable Letter DIRECTORIES

### Announcement Boards, Cork Bulletin Boards

Here's a complete line of chalkboards, pegboards, inside and outside announcement boards with changeable letters, cork bulletin boards of all sizes, styles, metals, frames, finishes.

# How about lunch one day this year?

We'd like very much to talk to you about your financial problems and describe how our organization, based on past accomplishments, can be of service to you. You will see that we organize and direct campaigns of all sizes—strictly on a low flat fee basis—from Sunday Collection Programs to multi-million dollar development drives. All, regardless of size, are important to us. Our success depends upon your success and no phase of a McCarthy-directed program is left to chance or taken for granted. Our approach is based on reason and experience, on sound judgment and thorough follow-up, and on a sympathetic understanding of the individual contributor's viewpoint as well as the over-all needs of the parish or institution. This is the reason our drives prove successful, and why we are now one of the largest all-Catholic fund-raising organizations . . . We ask only an hour of your time. Mr. Allott W. Yadon
National Fund-Raising Services, Inc.
600 South Michigan
Chicago 5, Illinois

Dear Mr. Yadon:

Now that our Diocesan Educational Development Fund Campaign is over, I would like to write and express my very deep appreciation for the splendid manner in which it was conducted by your firm and the more than excellent results achieved.

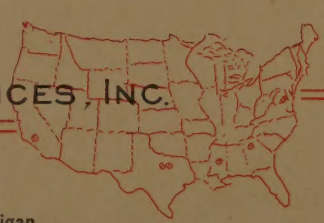
The preparation was very careful and all the various elements involved in such an appeal minutely mapped out. An accommodation was made to the specific needs of every parish involved in the diocese.

Our primary effort, of course, was the provision of funds for five diocesan high schools -- two in Dallas, one in Fort Worth and one each in Wichita Falls and Abilene.

It likewise took into account the specific needs, educational and other, of each parish involved and fitted them into the over-all diocesan picture. Through this means we secured the enthusiastic cooperation of priests and people almost without exception.

Our over-all goal was set at $5,500,000.00. The achievement was a surprising $6,700,000.00. All of this is indicative of the fine team of workers under the efficient and inspiring management of National Fund-Raising Services, Inc., which brought to bear such splendid results in this diocesan project. I certainly cannot exaggerate the fine work you did and the exceptional results achieved. I congratulate and recommend your firm very highly.

With warmest good wishes, I am



Cordially yours in Christ,

Thomas K. Gorman
